Special Exhibit

3-D Printer ... Maker-Bot

**RoboFest
2012**

Come to see this very cool use of technology to the event. The printer, about 18 in x 13 in x 10 in., is being brought by a Consortium FIRST Tech Challenge Team organized by NJIT.

We thank NJIT for helping with the exhibit and Maker Bot for the loan of their 3 dimensional printer.

More information about this high tech equipment can be found at :
